A] Why I want to leave Guyana From Gerald Crawford. <sup>X-2-b-201</sup>

1. At this point I am very hostile and rebellious and I refuse to stay.

a. because I hate Jonestown:

1. I feel the discipline is too hard (ex. Kenny was made to jack off with a hot pepper & also put it up his butt.) (ex. if a child has a bowel movement in his pants he must wear them on his/her head.)

2. It's really not what I expected I am sure it is because of the religious life that I have had.

3. I just can't stand it people are always afraid they are going to get in trouble.

b. I hate Georgetown.

1. People walking streets w/ no shoes on or clothing ~~for~~ living in shacks of course it happens in the states but this is suppose to be a socialist country.

2. There is nothing to do as far as excitement in this country. The Prime Minister seems to be living well though & enjoying life.

3. I don't like not having a dime in my pocket while others do.

B] What would I do if I went home (to the U.S.)

1. for discipline for Father using it to send me here.

2. I'll work for 2 wks. nite & day doing anything asked of 3 hours sleep/nite (maximum)

3. I will take on a job and as soon as I do in a matter of 3 months pay back the expenditure for air flight & phone calls. I'll also work on procuring items there w/ all my spare time.

4. I will spend at least 2 hours after work/nite helping in any way.

5. I will not discuss any negativity, not even to Harry.

6. I will sign any papers you want me to upon ~~leaving~~ leaving Guyana.

(OVER) →

I ask Father to please let me come home <sup>X-2-b-2(2)</sup>  
and I swear I will not breed any negativity.  
I will encourage others to come. If I ever  
want to come here again I will pay for my  
own way. Please let me go back.

Innerspeculation:

I've had life too easy, I am a black  
narcissistic bitch. I am selfish and  
I indulge myself. But I cannot make it  
here, please send me home. I will not  
be a negative influence to anyone. If you  
let me come home I'll work my ass off  
and not let Father down when he says  
I came back to do work.

I will not do like Mae Harris and  
run off. I know I am copping out but  
someone should respect my honesty and  
let me go even if upon that alone.

I know the revelation Father gave me  
and when it happens I shall never blame  
Father but only say he was right. Father,  
I ask you to please do me this service of  
letting me go back to the capitalist  
states.

Dear Denzil,

X-2-b-3(1)  
I hope this letter finds you in the best of health. Both Nyoki & I are doing fine, but we haven't heard from you in quite some time so we're very anxious to hear what's happening. How is your son doing? Fine I hope.

Well as you already know I am in South America Georgetown Guyana and the country is celebrating it's 11th Independence Anniversary and wow have they been doing it up, with alot of festivals & Music Jam Sessions. The best one I've been to is the Guyanese National Service Steel Ork Band. It was really live they played jazz, soul, pop music and even Dr. Wooten's kind of music. Tell that 'ole square face I said 'hi' and be sure to tell Ram I said 'hi' and to write soon. I am going to try and get a recording of the band and send both you and my brother one. I know you both will really dig the music they play. The way it is set up is with old ol' barrells and each barrell have various notes when hit in various spots. When the whole band plays it sounds like electric guitars.

Xylophones, and drums. The group <sup>x-2-b-3</sup> ranges from  
ages 16-22 yrs old with two women included.  
It only takes them 1-2 hours to learn a  
new song all done by ear.

When I first got here I was more  
less on my own but it took me time but  
I decided to join in with the People's  
Temple Agricultural Project in the Northwest  
District. I know I never got to explain  
to you my existence and the low of my  
time that I couldn't account for when you  
asked me about it, but I will now. I once  
told you I was a total atheist at heart  
where religion was concerned this I  
still hold to be true. But I am and  
was a <sup>process</sup> member of People's Temple why?  
Because they are and were doing things  
for people not just members but strangers,  
not just San Franciscans but foreigners,  
not just American citizens but other  
nationalities as well. And the character  
of Jim Jones founder and leader who  
legally adopted eight children (including  
a black son named after himself Jim  
Jones Jr.). They didn't preach about

heaven, hell and damnation. Those were just myths that were not reality. I never knew how you would have accepted this but I showed you at least given you a chance and thought positively about the situation. But you always said I had to believe in something and I do believe America has been built on the bloodshed of mine and your people and there is no hope for a just society there for any self-respecting person of our color (we've all been persecuted at some time or other). And a man of your age, character and insight and intelligence deserves more than that country has to offer you and there is no hope in this black self-built country.

I just read a paper from San Francisco our Peoples Forum about how the pacifists are out to get a niggers and Jews. Also how the young children are being programmed at an early age to hate all niggers and Jews.

Now you are probably wondering <sup>X-2-b-3(1)</sup> where the money is going to come from but don't worry about that it can and could be taken care of. Even the job market is no problem. There are plenty of jobs and excellent doctors. Mom's has been doing excellent and she hasn't had any recurrence of her back ailment. Denzel even if you come here and decide you don't want to make a family setting around me that's cool too. But at least consider the choice and even consider visiting Peoples Temple 1859. Henry the incarnation is extended and the firm Jones is interested in meeting the man. I have been concerned about you <sup>see inside</sup> ~~ask for~~ <sup>ask for</sup> ~~James Brown~~ <sup>James Brown</sup> ~~and~~ <sup>and</sup> ~~please~~ <sup>please</sup> ~~identify~~ <sup>identify</sup> ~~yourself~~ <sup>yourself</sup> ~~that you are~~ <sup>that you are</sup> ~~a friend of~~ <sup>a friend of</sup> ~~mine~~ <sup>mine</sup>. ~~should~~ <sup>should</sup> ~~Denzel~~ <sup>Denzel</sup> ~~it's so beautiful to see~~ <sup>it's so beautiful to see</sup> ~~black children and children of color to~~ <sup>black children and children of color to</sup> ~~be able to walk the streets without fear~~ <sup>be able to walk the streets without fear</sup> ~~of being mugged or degraded by~~ <sup>of being mugged or degraded by</sup> ~~name calling. just wait away and don't look back. But -3  
now I'll have to ask you to fly 5,000 miles  
if you want to meet in flight. X-2-5-3(5)

Everyone must change, nothing stays the  
same! You always said that there ~~is~~ nothing that  
you can ever be sure of, but you can be sure  
that this move was best for the both of us. Not  
because I wanted us to depart but because  
times are getting harder and I could make  
the way for you to get here to see opportuni-  
ties ~~like~~ like you never before knew existed.

I'll ~~be~~ be sending you some pictures  
because it's hard to visualize with out seeing.

So tell me how have things been going  
on with you what have you been doing to  
protect yourself? Nyoko is sleeping right now  
but she has become a very determined independ-  
ent child and is always saying "no." She has  
gotten alot bigger if you tried to lift her now  
or even hug her you would know that she has  
really grown and has a good appetite. Yesterday  
I made some B-B Quad Chicken, Greens, Fried  
Bread and Rice I must say it was real good.

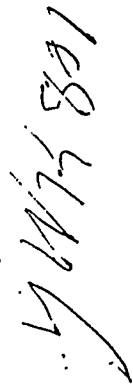

W<sup>3</sup> Turn taking care of the house for you  
in my absence. Have you been managing you  
know I appreciate the truth even if it hurts.  
I haven't seen you in so long. Why don't you  
send me a picture of you in your next letter.  
Are you still upset about the car? Ron is so  
running now anyway. When's the last time  
you saw Ronald? I am relieved that  
I heard from Ayolla, she is doing better &  
hope I know my letters full of questions  
but it's been a long time. ~~Wait~~

Tell Solomon, Larry, Pam, Mr. White,  
Mr. Anderson, Robert, Sister, and San Francisco  
I said "hi" you still making it with two jobs?  
The mail comes slow here. If Ronald gave  
you the address already it takes at least  
5 days for me to receive a letter so if you wrote  
and answered some of my questions just ignore  
them and just write me that you for the  
going away presents. Oh and how is your back  
and bald doing? fine I hope. I'll be sending  
you some snap shots of all of us as soon  
as I get through with the roll and have it  
developed.

I love you and miss you very much &  
take care until I see you again.
